MEMORANDUM FOR All Company Personnel

SUBJECT: Commander's Policy Letter: Barracks inspections

1. Monitoring the barracks is essential to ensuring that all WTU Soldiers are safe and acting IAW all policies and regulations. The WTU does not have enough personnel to facilitate a CQ system.

2. As such, the Chain of Command is required to inspect the WTU barracks nightly from 2300-0300 to ensure compliance with regulations and to oversee the safety of all WTU Soldiers. On weekends, cadre will inspect the barracks once from 1000- 1800 and again from 2300- 0300.

3. Cadre will create a duty schedule informing the Soldiers who will be on duty and on each particular day.

4. The intent of this policy is not to force cadre to walk through Soldiers' rooms, but instead to maintain a visible presence in the barracks where no CQ is present and to oversee the discipline and safety of Soldiers living in the barracks.

ANTHONY M. BENEDOSSO
CPT, CM
