Summary: On May 6, 2015, the USAG Ansbach Religious Support Office hosted a National Day of Prayer Luncheon for over 100 Soldiers, DA Civilians, and Family Members. The focus of this prayer luncheon was building a strong and resilient community. The Most Reverend, Timothy Broglio, Archbishop of the Military Diocese, USA, shared an inspirational message on building and strengthening a diverse community through grace and love. Four chaplains of different faith backgrounds offered prayers for peace, hope, the community, and the Nation. Special music was provided by Ms. Christine Börschlein, a German pianist. One highlight of this event was the traditional German meal catered by a local butcher, which everyone thoroughly enjoyed. At the end of the luncheon, many came forward to talk with Archbishop Broglio or one of the other chaplains present about how meaningful and enriching the prayer luncheon had been. This National Day of Prayer Luncheon is just one way that the USAG Ansbach RSO supports LOE 3.2, “Strengthen communities” and LOE 4.2, “Improve Individual and Unit Resiliency Programs”.
