Summary: On 2 May 2015 USAG Ansbach Religious Support Office (RSO) hosted an event entitled *The Amazing Race*. This event was designed for those struggling with the thought of another permanent change of station (PCS) or who feel “stuck” and haven’t felt at home in their new environment. Susan Miller, founder of Just Moved Ministries offered hope from her wealth of personal experience as a military dependent and lifetime of ministry. Susan’s theme of *Surviving and Thriving through Transition* addressed topics such as *Facing Your Fears*, *Strengthening Your Home*, and *Victory in Your Circumstances*. Between sessions, four color-coded teams “raced” through Europe and Asia while testing their knowledge of the U. S. Army. Each participant enjoyed a catered three-course meal and child care was available in order to maximize participation. **The Amazing Race with Just Moved Ministries is one way the Religious Support Office supports the USAG Ansbach Garrison Commander’s Lines of Effort 1 Mission Command, 3 Community Support, and 4 Ready and Resilient.**
